IN APPRECIATION

Miss Marylou Hart

As we, Marianhill's senior class of 1986, all go our separate ways, we will have one certain person in mind. Her name is Mary Lou Hart and she has been with most of us for four years. A cross between a mother and a big sister, she has made sure that we know how much she loves us, but has kept us humble at the same time. Our time together consists of ten minutes each morning, with Miss Hart trying to help us put our lives in order, whether it was possible or not.

Those days will be over soon and we'll probable be a little lost without her. We would like to take her with us wherever we go, but since this can't be done, all we can do is say goodbye and we love you. We won't be a bit surprised if wherever we are, in school or on the job, we hear Miss Hart's voice in the back of our mind congratulating us or telling us where we went wrong. We're only leaving her physically; she will always be in our hearts.

Miss Marylou Hart

Mrs. Juliette Archambeault

Mrs. Juliette Archambeault
"Mrs. A"

Behind the scenes of every organization there is usually someone who helps keep the internal mechanism running smoothly. Marianhill is no exception. For the past twenty years, Mrs. Archambeault (or "Mrs. A" as she is affectionately called) has governed the school office with an expertise that might be the envy of many a secretary. Ever calm in the midst of all the minor crises that can befall the everyday functioning of a school, Mrs. A could always be relied upon for a solution, a bit of advice, or even just a comforting word.

And now, Mrs. A., as your departure coincides with our graduation from Marianhill, we wish to express our deep appreciation for your help and guidance through the years. We, the graduating class of 1986, will never forget you, nor will so many others who have richly benefited from your talents and your love. May you enjoy many happy years of a well-deserved retirement.

In good times, in bad times,
I'll be on your side forever . . .

We are on our way!!

Sad eyes, turn the other way,
